## WOOD LEADS SO FAR IN DELEGATES

His Backers Claim He Will Have 300 At Convention But "Old Guard" Hint He Is Not One of Them and Will Not Do—Penrose Crowd Also Sour on Johnson Calling Him Radical—Seven States Yet to Select Delegates.

By Telegram to The Freeman. Washington, May 6.—All but seven states have now held their conventions or primaries for the selection of the 831 of the total of 884 delegates to the big caucus at Chicago, scheduled to begin four weeks from next Tuesday. Yet almost unparalleled confusion as to who's who among the G. O. P. candidates for the presidential nomination is the dominant feature of the situation.

Colorado holds its state convention today. Monday Wyoming will follow suit. On May 18 Pennsylvania will hold a presidential preference primary and next day Alabama will have a convention. Oregon follows with a primary May 21, then Texas (May 25), West Virginia (May 25), and Vermont (May 26).

But nothing can happen in any of these states materially to change the status quo. From now on the fight will not be much to capture delegates before the convention convenes as to capture a strong strategic position in the convention itself.

A strong fight for the temporary chairmanship is in prospect. Another expected to arise out of the contest to select some of the delegates, two full seats already having been selected in Florida, South Carolina, Georgia and Mississippi, while other disputes are in the offing, notably over the Louisiana, Oklahoma, Tennessee and Virginia delegations. And perhaps there will be others.

But these skirmishes, it is believed, will be mere outposts affairs compared to the fierce battles between candidates now maneuvering for position.

Old guard leaders have intimated that Major-General Leonard Wood will not do. They say he has not played the game. He refused to stay out of the race, but he has been playing the game of the "regulars" in the convention shall be "regular" if anything.

Senator Bois Penrose, Republican leader, sitting in Philadelphia, has virtually given the thumbs down to sign on Senator Hiram Johnson, opposing to the latter Senator Philander C. Knox, also of Philadelphia. Like the senator from California, Knox opposed the league of nations, but he is a "regular" which Johnson has not been since he bolted the party with Theodore Roosevelt in 1912. Johnson, they claim, is a "radical" instead of a "regular" and the "regulars" are afraid.

Herbert Hoover likewise, according to Senator Penrose, "could never be nominated by any Republican convention."

Senator Warren C. Harding of Ohio is said to have intimated himself with winning a bare plurality in his native state of Ohio and by running last in the Indiana primaries of Tuesday, while Governor Lowden of Illinois is not so much talked of now as he was, though still considered in the running as a compromise candidate.

Meantime General Wood leads the field so far as instructed delegates are concerned. Colonel William C. Proctor of Cincinnati, Wood's manager, today wired Washington headquarters, claiming 287 delegates already committed to the general, not counting Indiana, which state holds a convention next Wednesday. Should this convention feel morally bound to instruct its delegation for the winner of the plurality, Wood, of course, would profit.

Wood's backers claim he will go into the convention with not less than 299 votes. One may therefore be certain he will not quit without a fight.

Hiram Johnson's friends claim the country's popular vote is behind him and that the recent primaries and conventions show it, but they must fight the "regular" Republicans and the Wood crowd at the same time if they expect to reach Chicago unimpaired.

**SEEK INSTRUCTIONS.** Coal Operators, Claim Lever Act Unconstitutional.

By Telegram to The Freeman. Chicago, May 6.—Injunctions restraining the government from prosecuting the fifteen Chicago coal operators indicted recently in Indianapolis for violating the Lever act have been sought in United States district courts here and in St. Louis, Toledo and Cleveland, it was learned today. Petitions for the restraining writs were filed late Wednesday. The suits challenge the constitutionality of the Lever act.

**Last Night's Fight.** In Philadelphia, Mickey Russell of Jersey City boxed a draw with Tommy Murray, of Philadelphia, in six rounds.

## CARRANZA DEFIES REVOLUTIONISTS

Manifesto Calls On Mexicans To Support Government—Postpones National Elections—Force Sent Against Gonzales.

By Telegram to The Freeman. Mexico City, Mexico, Via Galveston, Texas, May 5. (Night).—Absolute refusal to give up the government of Mexico to his enemies was announced tonight by President Carranza.

In a manifesto addressed to the people he called upon all loyal citizens to support his government against the widespread rebellions which have turned Mexico once more into a seething mass of trouble.

Because of the revolutions throughout the country, President Carranza said he was firmly decided to postpone the national election, at which his successor would be chosen next July 4.

"The revolts of General Obregon and General Gonzales are nothing but military plots to overthrow the actual government by force," said the proclamation, "and in view of the attitude of these former candidates, it is now almost impossible to hold presidential elections next July 4, as ordered by the Mexican constitution."

The proclamation reviewed at length the Mexican situation since 1917, leading up to and admitting the present revolts in Guerrero, Sonora, Michoacan, Puebla, Zacatecas, Tabasco and various other states.

Before Generals Obregon and Gonzales revolted, the country was "nearly pacified," said the document, and the president's "best aims were the overturning of the reins of government to a man elected by the people."

"The government was really believing that the epoch of the coup d'etat and subtle evasions in Mexico had passed."

The president was firmly decided, it continued, that the government will not be turned over to either Obregon or Gonzales, but that he will leave the presidency only in the hands of a man chosen by the people to succeed him.

The government is ready to commence a strenuous campaign against the rebels dominating various states in the republic and is hopeful of success in putting down the present movements. The manifesto closed with a stirring appeal to patriotic Mexicans to loyally support the government and the army in this trying crisis.

General Francisco Murguía, heading a powerful column of federal troops, left the capital tonight for Puebla where he intends to engage the forces of General Pablo Gonzales, whose defection was one of the most severe blows to the Carranza regime.

## ANTHRAX KILLS FIVE IN CHICAGO

By Telegram to The Freeman. Chicago, May 6.—Anthrax, a rare and virulent disease caused by one of the largest germs known to medical science, has caused the death of five persons at the County Hospital here, it was disclosed today. The disease is believed to have originated in a local hair factory, which has been ordered closed, and the health authorities are making every effort to prevent its further spread.

The hospital authorities were puzzled by the symptoms of the disease until microscopic tests, taken after the death of the first victim, disclosed its nature. Several physicians and nurses were exposed to it and rigid measures to prevent their infection with it have been taken.

Anthrax is a widespread disease among animals, and is a secondary infection among human beings. Pusules on the skin are the first symptoms.

## TWO YEARS' GRACE.

Request of Germans to Fulfill Ship Delivery.

By Telegram to The Freeman. Berlin, May 6.—The German peace delegation at Paris has been instructed to hand the allied reparations commission a note requesting two years' grace for Germany in the delivery of ships under the peace treaty.

A revision of the total amount of tonnage tonnage is requested at the end of this period.

The note sets forth that it is impossible for Germany to fulfill the reparations clause of the treaty if confiscation of her shipping is carried out.

**Teachers Fund Assured.** Albany, N. Y., May 6.—Governor Smith yesterday signed the McGinnis bill establishing a retirement fund for the teachers of the state. The system is to be created August 1, 1921, with a retirement board of seven members.

**At Temple Emanuel.** There will be services Friday evening at Temple Emanuel, and a special musical program rendered.

## ROTARY WELCOMES NEW OFFICERS

Organization Aims at Unselfish Service as Against Material Ambitions Which Have Failed, Says President Seeley—New Members Announced.

By Telegram to The Freeman. Indianapolis, Ind., May 6.—Whether or not the Indiana delegation to the Republican national convention will go instructed for Major General Leonard Wood, or be uninstructed, was the issue to be threshed out at Republican headquarters here today when it became almost certain that the few scattering precincts yet to be heard from in the state-wide primaries could not materially change the general's plurality of more than 9,000 over senator Hiram Johnson.

Under the Indiana law, General Wood's opponents declare, it would be impossible for the state convention to be held May 12-13 to instruct the Hoosier delegation, as a majority in the primaries is required to instruct. Senator James E. Watson, who probably will be one of Indiana's "big four" at Chicago, said, however, that if the state convention instructed the delegation he would abide by its ruling.

Latest available figures from 3,183 of the state's 3,387 precincts give Wood 81,574; Johnson, 72,432; Lowden, 36,82; Harding, 13,216.

## VILLA JOINS OTHER REBELS

By Telegram to The Freeman. El Paso, Texas, May 6.—Plans are being rapidly formulated today for the advance of the rebel army of 20,000 or more men southward on Mexico City from Juarez with the object of overthrowing President Carranza.

"Pancheo" Villa, bandit leader, who several days ago declared he would not support the revolution because it is backed by General Obregon, apparently has undergone a change of heart, for word was received here today that he had joined the rebels with his force of 2,000 men.

It is announced by the rebel leaders that the advance will start with 6,000 men from Chihuahua and that 4,000 will join this main column as it proceeds southward.

Whether the Villa forces will join it has not been disclosed.

## SUFFS. SCENT DEL. VICTORY TODAY

By Telegram to The Freeman. Washington, May 6.—Suffrage leaders here today declared they are on the eve of final victory.

The lower chamber of the Delaware legislature is expected to take a vote on ratification of the suffrage amendment late today, and with the Delaware senate having voted for ratification yesterday, leaders here declare they are certain of victory.

Ratification by Delaware will complete ratification by states.

## GOVERNOR SIGNS ONE BUCK LAW

By Telegram to The Freeman. Albany, N. Y., May 6.—Only one buck may be taken during a single hunting season, Governor Smith decreed yesterday when he signed the deer bill repealing the statute of last year which permitted the taking of one deer whether buck or doe.

**To Speak on Big Business.** Rev. William S. Marquis, D. D., associate secretary of the New Era movement, will speak on "Big Business" at the Roundout Presbyterian Church on Sunday morning. Dr. Marquis was before entering the New Era movement, the successful pastor of the Broadway Church, Rock Island, Ill., and a leader in Presbyterian work in the central west. Dr. Marquis is a speaker of great attractiveness and a powerful living message for the churches. Dr. Marquis will speak at the Elmendorf Street Presbyterian Church on Sunday evening.

**Ambulance Calls Wednesday.** Margaret Godkins was removed from 45 Franklin street to the Kingston City Hospital in the ambulance Wednesday.

The same day Mrs. A. Winnie was removed from 26 Marden Lane to the Kingston City Hospital.

Paula Payne was removed from 3 Home street to the Kingston City Hospital in the ambulance that afternoon.

**Obtains Good Position.** Miss Florence Seely, a student of the photographic department of Spencer's Business School, Inc., has been placed in a permanent and satisfactory situation as typist, filing clerk and billing clerk with Poughkeepsie & Paris, Inc., bookbinders and stationers, 347 Wall street, this city.

**Modernizing Farm.** Louis Walker who has an up-to-date farm on the Plank Road has just installed a large Kingstonian Electric Power Pump. He is also having modern plumbing placed in his house. The work is being done by the Canfield Stone Company.

**A Chimney Fire.** Wednesday afternoon about 3 o'clock Wilkerson House Company responded to a still alarm at No. 143 Greenfield avenue the residence of John Hopper. It proved to be a chimney fire, and there was no damage.

## INDIANA MAY GO UNINSTRUCTED

Wood's Opponents Claim State Law Requires Primary Majority To Instruct Delegates—General's Plurality Now Over 9,000.

By Telegram to The Freeman. ## Y.M.C.A. BANQUET MONDAY NIGHT

Annual Meeting Will Also Be Held—Harry N. Holmes, "Y" Man of New Zealand Will Be Principal Speaker.

The annual meeting of the Young Mens Christian Association of Kingston will be held on Monday evening, May 10th. A banquet will be served at 6:30 p. m. Already the returns show that a goodly number will be in attendance. Speakers of interest will present the previous year's work, part of which will be illustrated by lantern slides. There will be election of officers and other matters of importance discussed.

The principal speaker of the evening will be Harry N. Holmes of New Zealand.

He is a world Y. M. C. A. man and something of a whirlwind on the platform too. Holmes was bred to the Y. M. C. A. work in Australia and has had a taste of it in South Africa. He has visited about as many Y. M. C. A.'s in America as any International Traveling secretary and, during the war, he was "in the thick of it" as supervising British secretary with the British troops in the lighting area of France. It was Holmes who had charge of those one hundred or more Y. M. C. A. huts right in the teeth of the great German push in Ypres, Dikiebusch and Amiens where the Germans destroyed eighty-six of the British Y. M. C. A. huts. Holmes had charge of that wonderful piece of Y. M. C. A. service to the walking wounded described by John Oxenham as one of the finest pieces of heroic and helpful services of the war.

Holmes' work in the war was so well and boldly done that he was decorated by the King with the order of the British Empire. He is also a "Fellow of the Royal Geographic Society." Mr. Holmes is on leave of absence in this country but soon to return to Great Britain where he will serve in the reorganization in advance of the Y. M. C. A. as associate national secretary with Sir Arthur Yapp.

Mr. Holmes is an inspiring speaker and has much to say for he is a keen observer. He has a sense of humor and there is a breeziness and big heartedness that sweeps an audience along with him whether it is a group of high school boys or business men of the city at the Chamber of Commerce dinner.

## CLUBWOMEN MET IN ALBANY

The third district meeting of the State Federation of Women's Clubs was held in Albany on Wednesday and was largely attended, representatives from Kingston being, Mrs. Frank Thompson, president of the Kingston Federation, Mrs. W. N. Fessenden, Dr. Mary Gage-Day and Mrs. Hyman Roosa. The party motored to Albany and back.

Mrs. Norton, of Saugerties, chairman of the third district, presided. The following nominations for the state ticket were heartily endorsed by the meeting: For president of the State Federation, Mrs. Walter Comly, now first vice-president, and Mrs. Frederick Bidwell, state director. There were several notable speakers at both morning and afternoon sessions. In the afternoon the visiting Federation women were entertained by the Woman's Club of Albany at their new club house which was pronounced remarkably fine and admirably equipped in every way. A full report of the meeting will be given at the coming general Federation meeting which will be held in this city this month.

## INTERNATIONAL MARRIAGE POOL

Whereby World's Surplus of Eligible Men Would Be Distributed Among Europe's Millions of Mateless Women Is Advocated by Famous French Scientist—United States Cited as Recruiting Ground.

By Telegram to The Freeman. Paris, May 6.—The startling proposal that an international marriage pool be formed to provide for the repopulating of Europe and the salvation of the white races of the earth, was made today by Professor Paul Carnot, famous French member of the faculty of medicine of the University of Paris.

Europe, he declared, has a surplus of millions of women for whom there never will be husbands unless some arrangement can be made to have them marry outside their own countries. The whole future of the white race, he asserted, is bound up in the problem.

"The last census figures," said Dr. Carnot, "showed a great surplus of males over females in the United States. We have millions of surplus women. Then why not a Franco-American bureau to facilitate the marriage of American men with the girls of France, where the war left such a shortage of men? Why not a Franco-Argentine bureau, a Franco-Australian bureau, in short, why not a great international bureau where each country may make known its human needs and provide facilities for courtship and eventual marriage?"

"We, on the allied side, pooled our supplies of munitions to win the war. We pooled our shipping, we pooled our finance and finally we pooled our men. Is there, then, any reason why the white races of the world should not pool their greatest of all productive resources so that civilization itself may not perish?"

"Supreme councils and ambassadors councils and prime ministers and foreign ministers are sitting up nights discussing territorial boundaries and the rates of exchange, but they are actually doing nothing to solve the greatest social problem that has confronted the world since Christ was born—the question of what to do with the millions of marriageable young women, who are destined to repair the war's human wastage, but who find no husbands awaiting them."

"I call it a social problem, but the whole future of Europe and the whole future of the white race is bound up in it to such an extent that territorial and financial questions are infinitesimally small."

"In the far east, in China and Japan, hordes of yellow people are constantly multiplying until we hear talk of a 'yellow peril' that will inundate white civilization."

"In the United States and other civilized countries that suffered little loss of man power in the war, the birth rate is falling off and apparently nothing is being done about it."

"Europe, staggering to her feet from the wounds of war, confronts a problem of re-population with an excess of between 15,000,000 and 20,000,000 women over men."

"I have suggested the recruiting a volunteer army of maternity, an organization of women who would agree to rear babies to repopulate devastated Europe, to help France back to her feet. I have even urged that governments recognize the right of women to maternity outside matrimony and for these suggestions I have been attacked and called a 'free lover.' I am not. I am merely cognizant of the great problem confronting the white races of the world."

"When I made these suggestions I had no hope that they would be adopted. The world is not far enough advanced yet for that. But I see no reason why there should not be organized at once an international marriage bureau whereby a country like the United States, with a large surplus of would be husbands, cannot carry on satisfactory negotiations with another country, like France, with a surplus of would-be brides."

**Victory Boys Class Meeting.** The regular monthly meeting of the Victory Boys Class of the Clinton Avenue M. E. Sunday school was held Tuesday evening May 4th, at the home of Elmore Smith, 78 North Front street. ## SCOPE OF THE COMMUNITY FUND

Judge Hasbrouck Cites Benefit of Having Organization Behind Drive and Appeals for Continuance of Friendly Co-operation Which Prevailed in War Time.

Judge G. D. B. Hasbrouck, chairman of the Community Fund, Inc., made this morning the following statement with respect to the purposes of the Community Fund and the scope of the campaign which is to culminate on Sunday, May 16, when the team workers will canvass the city for subscriptions.

The Community Chest. To obviate the necessity of submitting the public to so many drives, on many opportunities to give money to this or that cause or institution, it has been determined by your committee of citizens to institute what is known as the "Community Chest."

Applications to share in the proceeds which may result from the drive of such chest have been made by the Industrial Home, the Benedictine Sanitarium, the Young Men's Christian Association, the Salvation Army, local branch of the State Charities Aid, Boy Scouts and Girl Scouts. The absence may be noted of the Kingston City Hospital. It has not applied for the reason that during the last year or two it has reached the stage of self-support. The Home for the Aged has not yet applied for the reason that it has been thought to have been financed for some time ahead. Nevertheless, its application, if made, will be favorably considered.

The applications received have been placed on file and will await the action of the incorporators of the chest when the results of the drive shall be ascertained and come before them for consideration. How much each applicant shall receive, of course, cannot be determined in advance.

The Community Chest is the natural heir to the war chest. There was never such team action on the part of the people of Ulster county as was displayed in the attempt to fill the war chest. All of the applicants for participation in the Community Chest were in the war chest. The friendly and mutual co-operation in patriotic work which grew up so beautifully during the war between all classes of our people and accomplished so much should be remembered. It should be emulated.

It is matter of regret that in our support of charitable philanthropic agencies our activities shall be limited to the confines of our city. But in our city limits your servants in the organization of the community chest would seek to renew the spirit of comradeship and co-operation in the support of the worthy agencies represented in the chest.

Every man and woman enjoys to the extent of his or her means supporting some worthy philanthropy or charity. Most of us would like to take the wider view and support them all. Some of us feel that giving should be discriminate, not indiscriminate. Many of us know we would be helped in our effort to use to others to serve others by the wisdom and judgment of men who know intimately the needs of the agencies relying upon public support. To join the community chest is to trust in that wisdom and to give with the best intelligence and it may be anticipated with the best results.

The main argument in favor of the community chest is that its exertions will be supported by an organization—the successor to many prior organizations which have participated in and put through in our city the drives necessary to "carry on" for the war.

To leave the agencies in the chest to their own exertions would be to tax their managements severely to secure the necessary support; to afford a few well known gives the opportunity to give and to deny it to the great mass of people.

No man has a monopoly in the possession of the wonderful gift of giving. It is the expression of beauty in character no matter what the size of the gift.

The Community Chest, during to be helpful to all philanthropic and charitable agencies and to be helpful to our proud municipality submit with confidence the proposition that the Community Chest is worthy of the indulgent consideration and hearty support of every citizen of Kingston.

## DOCTORS HEAR OF WOOD.

Candidate's Medical Achievements Told at Parlor Meeting.

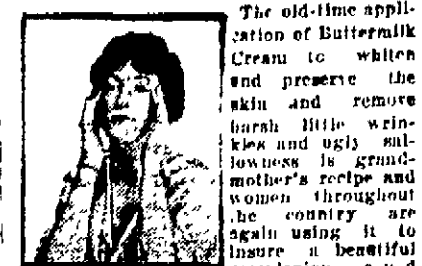

Several of the physicians and their wives gathered at the home of Dr. and Mrs. Mark O'Meara on Maiden Lane Wednesday evening, the occasion being one of the parlor meetings in connection with the Leonard Wood campaign. Mrs. Francis J. Higginson, chairman of the Ulster county committee, presided. Dr. G. D. B. Hasbrouck spoke on "Leonard Wood as a Physician." This was followed by a short sketch of General Wood by Mrs. Hinchman and the reading of an article concerning the campaign for nomination, given by Dr. G. D. B. Hasbrouck.

## Advises Ordinary Buttermilk for Wrinkles and Enlarged Pores

This Good Looking Young Woman Uses  
Old Time Recipe of Buttermilk Cream  
in a New Way—A Gentle Massage  
With Fingers Before Bedtime  
All That Is Necessary.

The old-time application of Buttermilk Cream to whiten and preserve the skin and remove harsh little wrinkles and ugly sunkenness is grandmother's recipe and women throughout the country are again using it to insure a beautiful complexion and snow white hands and arms.

Buttermilk, however, is not always obtainable, but a specialist has at last perfected a method of concentrating buttermilk and combining it with a perfect cream which you can buy in small quantities ready to use at any first class drug store by simply asking for "Howard's" Buttermilk Cream.

There is no secret about it nor is there any doubt about the result—it's just common ordinary buttermilk in the form of a wonderful cream, gently massaged with the finger tips around the corners of the eyes and mouth, Howard Bros Chemical Co., Buffalo, N. Y.

## LAUNCH LUTHERAN CAMPAIGN MAY 9

The United Lutheran Church of America will launch its campaign for world service on Sunday, May 9th. The campaign will last one week and the amount to be raised is \$1,800,000. The money of this campaign will be used to help carry on the work of the Lutherans in Europe who are suffering beyond measure destitutions which the war has left. It is beyond words to describe the utter need of means to carry on the spiritual welfare work, to preach the gospel, to minister to the sick and needy, and to re-establish once flourishing churches which were destroyed by war. The primary object of this campaign is not to raise money to alleviate physical suffering but to provide for the proper ministrations of God's word to the end that through its power order may be restored out of chaos and that the world may be made for humanity.

The Lutheran churches of the Kingston district will share in the raising of the above sum. The churches interested in this campaign will conduct an every-member-cavass throughout the week from May 9th to 16th and an opportunity will thus be given to each one to apply in a real and practical way the religion they profess.

The following sets forth the task at hand and the manner in which the United Lutheran Church seeks to discharge its duty:  
"The Lutheran program of world service is to do the obvious thing, and to do the obvious thing with that direction, capability and facility characteristic of a big man." This announcement comes from Dr. F. H. Knobel, a leader in the World Service Campaign. "And to do the thing at hand most needed, not to search heaven and earth for the supreme task, and then come back to the obvious thing at hand. We know our duty, we want action—clearing the decks for action is the work now being done."

To put it differently, statesmanlike to the core, are the policies and work of relief in Europe. "It is not only our purpose to give these people food to eat, clothes to wear, but to put them where they can rehabilitate themselves permanently."  
The war has left France with 350,000 Lutherans with not one regular seminary, which means that pastors in the future must come as if by miracle. The dean of the faculty of Protestant theology at the University of Paris is a Lutheran who has long been prominent in supplying this need, but now his declining years prevent. This is only an example.

In Germany independent churches of the Lutheran faith are arising out of the twenty-seven to thirty millions of Lutherans in that country. And in the midst of social peril they are in great need of a more substantial church for guidance in this crisis.

With over 1,000,000 Lutherans in Poland and no seminary, the church there faces the same serious problem as in France. Hungary, with about a million and a quarter Lutherans, having three great seminaries before the war, now finds them without her borders by the new treaty boundary lines.

Up in Russia, with between four and five millions of Lutherans, especially in the Volga district, practically the whole church is now disorganized, and due to the massacres the churches are practically pastorless. In Bohemia there are 600,000 Lutheran people and no pastors.  
"All of our work is being done on a broad scale looking toward the future, making it so that their production will at least equal their consumption. This from the beginning has characterized our work. We have spread over the continent of Europe men serving as commissioners who know Europe, who have directed the distribution in the past months, and who will minutely through their corps of assistants see to the applying of our \$1,800,000 world service fund now being raised."

To Poland the Lutheran Church in America for example, has made a loan of \$150,000 to be paid back when that country is sufficiently on its feet to warrant a surplus of production. This money when returned will be applied to the further relief of other peoples on the European continent.

Typical of the statesman-like methods of the work on both sides of the Atlantic, was the system of investigation of conditions in Europe by the commission of Lutherans. One group was sent to France, one to Germany, one to Russia and the Baltic States, one to Austria and Hungary, and one to the Levant.  
Herbert Hoover has ordered that Dr. J. A. Morehead, chairman of this commission, may draw food supplies to the amount of \$5,000 at any one draft, whenever faced with an emergency. This is only an instance of the effective working of this statesman-like policy of relief. These food supplies referred to, would come from the warehouses of the American Food Administration, but only in a few instances have the Lutherans not been able to draw for supplies upon their own warehouses. All relief supplies and equipment sent by the Lutheran Church in America, going to Europe, get free transportation to all points in the interior.

In other words, what the Lutheran leaders in America have in mind, is to relieve the suffering of Europe on a continental scale and put the continent in the place where in another season it can relieve someone else in need if necessary.

# Talk about quality— Camels are there and then some!

**YOU'LL appreciate what quality means**  
when you smoke Camel cigarettes! You get flavor and fragrance and mellow mildness in Camels that are as new to you as they are delightful. You quickly realize why Camels are the most fascinating cigarette you ever smoked.

Your preference for Camels is due not only to their quality but to Camels expert blend of choice Turkish and choice Domestic tobaccos and you will greatly prefer Camels blend to either kind of tobacco smoked straight.

Camels are not only remarkable for their smooth, mellow mild body, but are distinctly refreshing and leave no unpleasant cigarette aftertaste nor unpleasant cigarette odor.

Compare Camels with any cigarette in the world at any price if you want to know why Camels win the most fastidious smokers.

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes, or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

## WILSON DECISION AROUSES IRE

Ruling by Secretary of Labor in Miller Case Cancels 106 Deportation Warrants—Will Make Communist Labor Agitators Secure in Their Operations, Says Garvan.

By Telegram to The Freeman.  
Washington, May 6.—The department of labor was today cancelling more than 100 deportation warrants against members of the Communist Labor Party, following a decision by Secretary of Labor Wilson that membership in that organization is not sufficient grounds for deportation. The ruling was made by the secretary in the test case of Carl Miller, a member of the Communist Labor Party now held for deportation on the sole grounds that they are members of the organization. The ruling will be the basis of the cases pending against them and the cases pending against them will be dropped.

Officials of the department of justice were aroused over the decision of the secretary, which releases persons arrested in the December raids on the department. Assistant Attorney General Garvan declared that the Communist Labor Party now has a "haven" where extremists can "continue agitation without abandoning one of their theories or purposes."

## YAQUIS DELAY IN JOINING REBELS

By Telegram to The Freeman.  
El Paso, Tex., May 6.—Orders to Yaqui troops at Casas Grande to proceed at Juarez to join the general mobilization of rebel forces were cancelled early today. They have been directed to remain there and await the arrival of the advance guard of Sonora troops. The reason is said to be due to the fact that General Urbalejo, their former commander, is regarded as only "lukewarm" towards the revolution.

Rebel leaders here stated that a cleanup of conditions along the border will begin immediately with drug smugglers as the first to go.

Routing through Juarez of United States mail will be resumed today, it is reported.

## POSTMASTERS TO MEET.

Fellow League Member:—

There will be a meeting of the Uster county unit of the Postmasters League at the court house, Kingston, on Saturday, May 8, at 10 a. m. and 1 p. m.

Having been in Washington for about three weeks in conference regarding postmasters' salaries, the president of the unit will have much of importance to say.

Do not fail to attend as this will be a very important meeting in respect to each individual as well as to postmasters as a whole.

It is essential that every member be present.

Sincerely yours,

AUGUSTA SCHOONMAKER,  
Secretary.

ACCORD.

## WILL APPEAL WALKER VERDICT

Christian Science Case Wherein Child Died of Diphtheria Will go to Highest Court if Necessary to Obtain Reversal of Manslaughter Conviction, Says Attorney.

By Telegram to The Freeman.  
Newark, N. J., May 6.—The case of Andrew Walker of Bloomfield, convicted of manslaughter by a jury late yesterday, as a result of the death of his daughter, Dorothy, aged nine, will be carried to the supreme court of the United States, if necessary to obtain a reversal of the verdict, his attorney announced today. Walker was charged with gross negligence in allowing his daughter to die from diphtheria. He and his wife are Christian Scientists. The daughter was treated by Christian Scientist practitioners. No physician was called in.

In returning a verdict of guilty of manslaughter, the jury recommended mercy for Walker. He will be sentenced Monday. He is at liberty under \$2,500 bond. Mrs. Walker, the girl's mother, also was placed on trial with her husband, but the court dismissed the charge against her yesterday.

On returning a verdict of guilty of manslaughter, the jury recommended mercy for Walker. He will be sentenced Monday. He is at liberty under \$2,500 bond. Mrs. Walker, the girl's mother, also was placed on trial with her husband, but the court dismissed the charge against her yesterday.

## THINGS COST MORE AS TREES ARE CUT

By Telegraph to The Freeman. Washington, May 6.—And now comes another reason for the high cost of living. This time it is trees. There are not enough trees to go round.

"Production and more production is the one thing that everybody seems to agree upon as the antidote for the high cost of living, but who will produce the forests that provide the wood and the paper that keeps 10 per cent of an industry going," asks Charles Lathrop Pack, president of the American Forestry Association.

"We are using up our forests almost three times faster than we are replenishing them. We cannot step out into the open market and order a billion feet of lumber grown for delivery day after tomorrow or week after next. We may be able to figure on how much wheat or how much corn we can ship on a given date, or make plans for the production of a thousand automobiles, for in these cases the matter of production is but a matter of days or weeks. Not so with trees, for with trees it is a matter of years.

"Just the other day some two hundred thousand acres of timber land was bought up by a match concern. The tons consumption of pulp wood from which print paper is made has increased enormously. The war made a great drain on our timber resources. Newspaper publishers wrestled with the newsprint situation at their last meeting and will continue to wrestle with it for some time. It is safe to predict. When we stop to think that our forests are the basis of all national prosperity and that nothing is being done looking to a national forest policy, we must as business men stop indeed. Here is the situation:

"Use of newsprint has increased 200 per cent in twenty years. Ten years ago the United States produced its entire supply of pulp wood, but now two-thirds of it is imported. This means freight rates to be added to the purchase price. Of all the paper used in the United States 22 per cent is used by newspapers. Only one newsprint plant has been constructed in the United States since 1909.

"But newspaper publishers are not the only ones hit," continued Mr. Pack. "In other industries the need of wood is as great. Over 52,000 manufacturers depend on the forests for raw materials and work is given 1,130,000 men in wood-using plants. The value of the product of these establishments amounts to 10 per cent of the total value of all manufactures. The capital invested totals \$3,000,000,000 or 13 per cent of the aggregate manufacturing investment. "Production is the word, as we all agree, but production must be begun at one of the prime sources of our nation's wealth, the nation's forests."

## BACHELORS TO FIGHT FRENCH TAX

By Telegraph to The Freeman. Paris, May 6.—The "anti-bachelor" campaign is spreading so rapidly throughout France that a number of millionaire bachelors have written anonymous letters to the papers, suggesting the immediate need of an organization of celibates to combat it.

A large number of unmarried Americans, domiciled in France, fear that they may be subject to the proposed new tax of 10 per cent of their net incomes.

Various organizations formed to combat the low French birthrate started trouble for the bachelors by calling upon Georges Carpentier and other well known figures to join the ranks of the benedicts. Thus far Carpentier is the only one publicly named who has satisfied the wishes of the "more baby" adherents by getting married.

The proposal for the tax on bachelors is arousing widespread comment in the French papers. Preparations are being made for a bitter fight when the measure comes up in the chamber of deputies.

Feminist leaders in the city of Perigueux have launched a new attack on the bachelors by forming the first branch of an "Anti-Bachelor Society," which is to have other units throughout the country. The Perigueux women not only demand a tax on unmarried men, but demand that they be refused the voting privilege and also be refused public office.

One of the amusing contributions to the pro and con battle over the proposed tax comes from an old maid, who anonymously signs herself "Odette Dulac."

"I sympathize fully with the unmarried men in this crisis," writes Mlle. Dulac. "Our legislators are proceeding on the theory that the unmarried state is a luxury and that therefore bachelors should pay a sort of luxury tax."

"Now this is all wrong. There are many thousands of men and many thousands of women who have never married, not because they did not want to, but because of some tragedy in their lives, or because they themselves were not wanted. Is the government going to penalize these heartbroken persons, living in solitude, because there are some glaring examples of men and women who want to be free to live gayer lives?"

### CLINTONDALE.

Clintondale, May 6.—The Highland Local Union of Epworth Leagues will meet in the Methodist Church at Esopus on Friday evening, May 7, at 8 o'clock. The address will be given by Rev. H. E. Wright, superintendent of Newburgh district.

Mrs. Etta Davenport moved the past week to Poughkeepsie.

Mrs. Martha Harper moved into the house vacated by Mrs. Davenport and Daniel Decker moved in Mrs. Harper's house which he recently purchased.

Smith Brothers of the Smith garage of Highland, have started a bus line running from Highland Landing to New Paltz by way of Clintondale, Ardonia, Modena and New Paltz. Time table as follows: Leave Highland Landing, 7, 9, 11 a. m., 1, 3, 5, 7 p. m. Leave New Paltz, 8, 10, 12 a. m., 2, 4, 6, 8 p. m. This is good news for residents living along the line who desire and constantly feel the need of a convenient mode of travel which is unobtainable to those who are not owners of private cars.

Rev. N. A. Reid has been in Brooklyn during the past week attending the annual conference of the Nazarene Church and has been returned as pastor of this church for another year.

Mrs. Caroline Van Nostrand of Walden visited friends in town the past week.

Miss Lois Berman who has been ill with mumps is out again.

Several people from this place attended the funeral of Mrs. William Atkins in New Paltz on Saturday last.

Lewis Martin of Schenectady who has been ill for a time is now stopping at the home of his parents, Mr. and Mrs. William Martin.

### SAWKILL.

Sawkill May 6.—St. Wendelin's Church, Ruby, Sunday, May 9. Mass and sermon, 8 a. m. Sunday school after.

St. Ann's Church, Mass and sermon, 10 a. m. Sunday school, 3 p. m. May devotions, 3:30 p. m. Rev. George J. Vach, record.

Our road commissioner, Thomas Callahan, and his men have completed a neat job on the Ruby road for which the community is very grateful. Hon. Judge James Jenkins was in town on legal business. All his clients were pleased to see him.

Wedding bells will soon ring out, watch the names.

## ST. STEPHEN'S COLLEGE NEWS

Ground Laid Out For New Gymnasium—Baseball Team Beating All Comers—Dr. Hill Lectures—President Busy at Many Interesting Churches

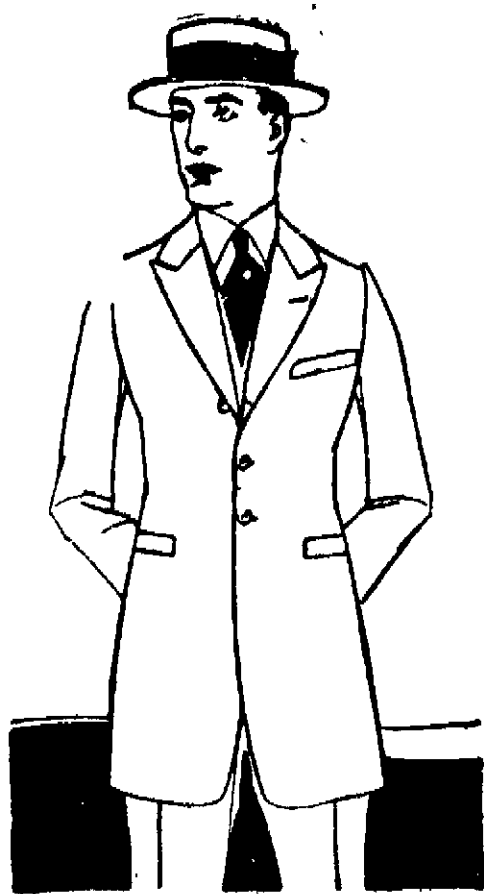

On Friday of this week, Messrs. Hopkin & Koen, the architects for St. Stephen's College, accompanied by the contractors who are to erect the gymnasium, located and laid out the new building. It is to be situated to the east and north of the present buildings on the campus and along the edge of the athletic field. Work on the excavation will start next week and the cornerstones will be laid at commencement on June 16th.

The students at St. Stephen's are extremely happy in the quality of their baseball team this year. After a preliminary game with Poughkeepsie high school, in which the high school boys were heavily defeated, St. Stephen's was visited last Saturday by the team from Eastman College, Poughkeepsie. In one of the best games ever played on Zabriskie Field, the Eastman team was defeated by St. Stephen's with a score of 4 to 2. The next game will be played in Brooklyn with the Long Island Agricultural College. The best feature of the situation in the opinion of St. Stephen's athletic fans is that only one of the present team graduates this year and that the entire organization will be present for the baseball season next year.

The Rev. Dr. Bancroft Hill of Vassar College gave an interesting lecture on "The Soul of Japan," Wednesday evening.

President Bell has been busily engaged with conferences, etc., about the country. During the past week, he held a conference at St. Faith's School in New York city on Friday evening. On Saturday evening he was speaker at the Religious Education Conference at New Bedford, Mass. He preached in St. Stephen's Church on Sunday morning, in Lynn, Mass., and in the afternoon was at Wellesley. He was also speaker at a convention of Church School Teachers at St. Michael's Church, Marblehead, Mass. St. Michael's is the oldest Episcopal Church in New England. The pulpit in this church is 204 years old. The organ which came originally from New York, was played at the inauguration of General Washington when he became president of the United States.

There is a very wonderful and beautiful candelabra which was made the year General Washington was born. The Rev. L. Williams of St. John's Church, this city, will be the preacher at the service on Sunday evening.

## The Croydon

is young enough for you—  
Are you young enough for the Croydon?

The Croydon is one of the most famous models Hickey-Freeman produce.

It is a snug-fitting style, with a high arm-scyce, welt pockets, peak lapels, soft fronts, rope shoulders, and the lines of twenty-one.

And a man feels he is in the Spring of his life when he wears it.

Liberally hand-tailored, of course—that is the Hickey-Freeman custom!

## The Aftermath of Flu

This is No. 1 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's Vapo-Rub may be of value in this condition.

Your doctor will impress upon you that following recovery from the active stage of influenza, there often remains an inflamed, congested condition of the air passages—throat, larynx, bronchial tubes and lungs.

Frequently the cough hangs on—soreness of the chest persists—you take cold easily and there may be obstinate catarrh. This condition is slow to clear up and if neglected may favor the development of pneumonia, or later on, serious disease of the lungs.

Such cases should continue under the care of their physician—should exercise moderately in the open air—eat plenty of wholesome food—avoid overwork and sudden chills.

Nightly applications of Vick's VapoRub may help nature to complete the process of repair. Because Vick's acts locally by stimulation thru the skin to

draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vick's are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 231 Broad Street, Greensboro, N. C.

## POLICE FORCE 29 YEARS OLD

Local Department Organized May 15, 1891, With Chief Hood and Murray in Charge—Many Changes Have Occurred in the Department.

Kingston's police force will celebrate its twenty-ninth birthday on May 15, and during the years it has been in existence it has seen many changes. The force was organized May 15, 1891, with Chief Hood and Sergeant Thomas J. Murray in charge. The five patrolmen appointed were James D. McIntyre, Thomas E. Cullen, George Roach, John Kiernan and William Shuberg.

The bill creating the police force also specified that the constables who were serving at the time should act with the force. There were four constables at that time, Thomas Johnston, Michael J. Cahill, John Sullivan and "Jack" Barry. All have since died.

Michael J. Cahill became a sergeant of the force when he became a member of the department which office he held until he was injured some time ago while alighting from a trolley car on Broadway, and which injuries led to his resigning. He was succeeded by Sergeant William F. Hanley, who is still sergeant. Sergeant Murray retired shortly after the installation of the present police signal system. Charles Phinney was appointed sergeant in his place, and is still serving with the department as sergeant.

During the twenty-nine years the police force has been in existence it had but two chiefs. At the death of Chief Hood, the present efficient police chief, J. Allan Wood, was appointed. The force has also had but four sergeants, Sergeant Murray, who is still hale and hearty, and Sergeant Cahill, they being succeeded by Sergeant Hanley and Sergeant Phinney.

There have been many changes in the years that have passed. An up to date signal system has been installed. The force has been increased to twenty-seven men; one chief, two sergeants, twenty-three patrolmen and an ambulance driver. The department has been motorized with a police car and auto ambulance, and one motorcycle.

The oldest member of the force in point of years of service is Police-man Edwin Shader, who is still one of the most efficient members of the department. The youngest member is Winfield Entrott, who assumed his duties a few days ago.

Today for a city its size Kingston has one of the finest and most efficient departments in the state.

### OUR DAILY PATTERN.

### A Pleasing Design.

## MORRIS MOVED TO GERMANY

Understood Minister Now in Sweden  
Will Be Named United States Amb-  
assador at Berlin When Peace  
Comes—Allies to Send Ambassa-  
dors in June.

By Telegraph to The Freeman.  
Berlin, May 6.—Ira N. Morris,  
American minister to Sweden, has  
been ordered to Berlin from Stock-  
holm. It is understood he will take  
over American affairs here, relieving  
Theodore Dressel, who has been act-  
ing as American commissioner for  
some months. Mr. Dressel is winding  
up his work.

The impression exists here that  
Minister Morris will be named Amer-  
ican ambassador to Germany just as  
soon as peace between the two coun-  
tries is proclaimed.

In diplomatic circles it is reported  
that England, France and Italy will  
send their ambassadors to Berlin in  
June. Only one of these has definite-  
ly been appointed, according to best  
information in Berlin. He is Maurice  
Herbette, the French representative.

## YOUR SUMMER OUTING

START TO PLAN IT NOW. There is a lot of joy in  
dreaming about when and where you will go, who goes  
with you and what you will wear.

A STURDY little sports suit for  
traveling and knockabout. An  
inexpensive silk frock to save  
laundry. A cool organdie or  
georgette for dancing. Possibly  
a skirt or a waist is needed to  
get you ready.

True, you could get them  
'most anywhere if you would  
accept 'most anything. But  
you like little touches of dis-  
tinction about your things,  
don't you.

THEN COME TO US. We've  
had just the best time getting  
ready for your summer. We  
have dreamed with you about  
your clothes. Now they're  
here.

ALL the while, too, we have  
kept in mind the awful H. C.  
of L., and in spite of it we have  
gotten together a splendid lot  
of smart summer wearables at  
moderate prices.

### PALENTOWN.

Paleontown, May 5.—This commu-  
nity was shocked to hear of the death  
of Mrs. Cecil Carr. She was taken to  
Dr. Kemble's Sanatorium in King-  
ston last Wednesday for an opera-  
tion and died Sunday afternoon. Her  
sympathy is extended to her husband  
and mother and relatives. She was  
the only child of Mrs. Minnie Bar-  
nager of Samsconville.

Mrs. H. Traver and daughter,  
widowed, called on Frank Reave's  
Sunday afternoon to see Mrs.  
Reave's mother who is sick with an  
attack of the grip.

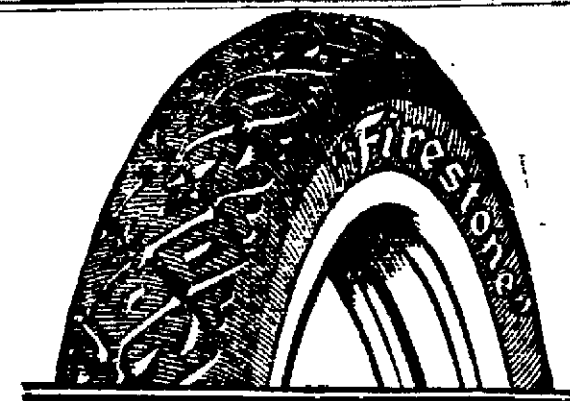

When Reave is improving very  
much since he has been declining  
with Dr. Demond of Ashtoken.

receiving congratulations over the  
arrival of a baby girl.  
Mrs. H. Demond was in King-  
ston Monday last.

John Traver and Robert Demond  
enjoyed a motorcycle ride Sunday.

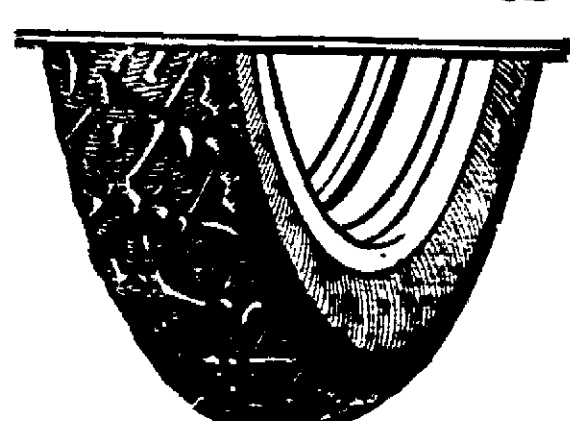

Dr. Demond has a number of  
patients in this place.

## ANOTHER TROLLEY HEARING MAY 26

Tellon Says Road Can Pay 4 Per Cent on Company's Valuation Which Is \$2,000,000 In Excess of Commission's Figures—Van Etten Favors General Survey—Testimony as to Amount of Travel and Status of Sahler Sanitarium.

The Kingston Consolidated Trolley Company according to the testimony of Superintendent Tellon given at the hearing Wednesday before Commissioner Hill of the public service commission, is capable of paying about 4 per cent on the investment as figured by the company. On a valuation as placed by the commission at the time of the application for an advance in fare, the trolley system of the city would pay much greater returns. The valuation as placed by the trolley company is about \$700,000 while the valuation placed on the property by the commission is slightly over \$2,000,000. In cross-examining Mr. Tellon Wednesday afternoon during the hearing on the application of the company to remove their tracks from Washington avenue, it appeared that during 1919 there were carried some 134,000 more passengers than in the previous year but in submitting their estimate of the earnings of the company for the year 1920, the company did not figure upon any increase in business for the year.

Mr. Brinnier questioned Mr. Tellon at great length as to why no similar increase was allowed in the estimate of business for the company year and Mr. Tellon explained that during the past ten or more years the average increase had been very low, something like 6 per cent, and last year was an exceptional year. In estimating their earnings for the coming year the company had therefore figured on the same amount of business as last year.

After the noon recess the hearing was resumed at 1:30 o'clock and Amos Van Etten asked permission to address the commissioner. Mr. Van Etten said that he appeared as a patron of the road and for himself and then entered upon the remedy to be applied to the system. Referring to the conditions which now exist in Catskill and Port Jervis, where the roads did not pay, Mr. Van Etten said he did not want to see Kingston suffer the loss of a trolley system and suggested that it was an examination of the whole trolley system that was needed. The remedy might be the elimination of the system from some one street and if after a thorough investigation that was found to be the remedy, why the people would have to submit to it. Mr. Van Etten spoke with much the viewpoint as that taken by the trolley company, the investigation of the entire system by commission and a rearrangement of the system to give a good service to the people and at the same time to the trolley company. He pointed out the number of passengers on the Washington avenue line between North Front street and Marine street was gone into by the trolley company. A count had been made last November when on the day it was found that 957 people used this line. Mr. Chipp at this point announced that for the time the company rested but desired later to introduce more testimony.

Assistant City Engineer Wood was called by Mayor Canfield on the part of the city and gave testimony as to the number of houses which had been built in the section served by the Washington avenue line during the past few years. Since 1905 112 houses have been built in that section, an increase of about 60 per cent.

In cross-examining Mr. Wood, Mr. Chipp referred to the Sahler Sanitarium and asked Mr. Wood if he knew of the institution to which Mr. Wood replied that he did. Mr. Chipp asked him if he knew that it was no longer a "going" business since Dr. C. O. Sahler's death and if he had ever seen any of Dr. Sahler's "performances" as a hypnotist.

At this point Mr. Brinnier vigorously protested to any such references to Dr. Sahler saying, "I object to this insult applied to a man

who is dead. He is not justified in slandering Dr. Sahler."

At the conclusion of Mr. Wood's testimony, Mrs. Sahler was called by Mr. Brinnier and testified that the business was paying and was a "going" business. At the present time she has about 75 guests and a number of employees and doctors. During the summer months she has as high as 175 guests and a total of over 200 people including the employees.

Errol Doremus, city clerk, was called for the purpose of identifying ordinances which had reference to the trolley line. At the conclusion of his direct examination by Mayor Canfield, Judge Jenkins asked Mr. Doremus if he was not a resident of the Washington avenue section of the city and if he did not use the Washington avenue line. Mr. Doremus replied that he lives at 22 Warren street, near the Washington avenue line but that when he was in a hurry to get to the city hall he walked to the corner of St. James and Fair streets and used the Broadway line as it was quicker.

Commissioner Hill then asked Mr. Doremus's opinion as to what he thought of the elimination of some of the present line which runs on adjoining streets. He referred to the Colonial line from Broadway to North Front street. Mr. Doremus expressed his opinion that the uptown section might be eliminated but the branch through Cedar street was needed for the convenience of the residents in that section. Commissioner Hill referred to the Hasbrouck avenue line which is but a short distance from the Broadway line and ask the effect if this parallel line was eliminated.

Chief Wood was sworn and testified to the count of passengers as made by Officers Welsh and Shuler on May first and second which showed 1,038 persons using the Washington avenue line between North Front street and Marine street. Chief Wood testified as to the increase in population of the section during the past few years and estimated the number of people served by the Washington avenue line as 2,152.

At the conclusion of this testimony an adjournment was taken until 10 o'clock, May 26th, three weeks from this time. Mr. Chipp stated that they would not be opposed to the hearing being held in Albany but this was objected to and the hearing will be in this city at the court house.

## 11TH WARD ALSO TO VOTE ON BALL

Alderman Myers of the Eleventh ward, in order to ascertain the desires of his constituents, has arranged to hold a referendum in that ward on Monday, on the Sunday baseball issue. The regular polling place at the corner of Franklin and Pine streets will be used and will be open between the hours of 2 and 3 p. m. In order to learn the real opinion of the people of the ward Alderman Myers has decided that the only way to do this is by giving the people a chance to turn out and express their desires either for or against the Sunday baseball issue. Alderman Myers's vote on the Sunday baseball issue will be cast in accordance with the desires of the majority of his constituents and in view of this fact he desires every voter of the Eleventh ward to signify their desires by coming out Monday and casting their vote.

All blanks will be provided but Mr. Myers desires two or three inspectors both for and against the matter who will attend at the polls that day. Anyone who will serve may communicate with Mr. Myers.

## No Services In Pastor's Absence.

Rev. A. Schmidkonz, accompanied by Mrs. Schmidkonz, has gone to Trenton, N. J., to be present Sunday next at the installation of his son, Rev. L. Schmidkonz, as pastor of the German Lutheran Church of the Advent. The installation will be performed by Rev. Dr. H. Othmann of Philadelphia and Rev. A. Schmidkonz will preach. There will be no services at the Spring Street German Lutheran Church next Sunday.

The advance of the Polish troops in the attack they have made on the Bosphorus has brought them within 200 miles of Odessa and the Black Sea, which is probably the objective of the campaign they are waging against the Bolsheviks in conjunction with the White forces. While Lithuania's independence has been recognized, the country could not stand alone against Russia, and if the campaign is successful Poland will probably establish a protectorate over it. The campaign has climaxed since the war that Odessa belongs to Russia and the world has been divided the city. Should Poland be forced to the point the world has been divided the city to the sea to the south that would place the barrier on the Bosphorus, her on the Baltic.
